Vote Against Wilson's Peace Rejection Lacks 29 of Carrying.

Washington, May 28.—An effort to override President Wilson's veto of the republican peace resolution failed today in the house. The vote was 219 in favor, of overriding the veto to 152 against or 29 less than the two-third majority required.

Two republicans, Representatives Kelly of Michigan and Fuller of Massachusetts, voted to sustain the president's veto, while 17 democrats joined the republican majority in an effort to override it. This was two less than the number of democrats voting for the peace resolution when it was passed by the house.

Debate is Brief

There was less than an hour's debate on the motion to override the veto. Chalrman Porter, of the foreign affilirs committee, opened discussion with the deeleration that nowhere

#### French Flower Vendor to Make Yanks' Wreath

Paris, May 28.—President Wilson has ordered a memorial wreath of flowers to be placed upon the statue of the "American Doughboy" in Suresnes cemetery. Ambassador Wallace will deposit it there Sunday.

President Wilson's favorite flower vendor when he was in Paris, today received an order to make up the wreath.

Ceremonies to be held at all of the American cemeteries in France and also one to be held at the grave of Lafayette, have been planned, French officials and American army and navy and diplomatic officers having been engaged to speak.

At Plopus cemetery where lies the body of Lafayette, Col. Drake will speak and will be answered by Marquis Chambrun, grandson of Lafayette.

At Belleau Wood a message from Major General James G. Harbord who commanded the 2nd division there will be read.

Orders have been issued for general participation of the French army in the ceremonies and companies of poilus will be sent to the American cemeteries to do honor to their fallen comrades in arms.

SURPLUS SOLDIER BONUS TO BE USED TO FIN-ANCE INSTITUTION.

IS PART OF U. W. Four-Year Medical Course at

University to Follow. Later. [BY ASSOCIATED PRESS.]

[BY ASSOCIATED PRESS.]

Madison, May 28.—The money needed to pay the increased salaries and operating expenses of normal schools and the university amounting to upwards of \$1,500,000 annually, will be raised by a combination of mill tax and surtax, according to preliminary statement of the joint committee on finance. A new finance bill is being worked out on the subject and will probably be presented in the senate Friday aftersented in the senate Friday after noon. Taxes to Be Increased.

Advance information is to the effect that the mill tax bill for the university will be increased from % of a mill to ½ of a mill, and that the normal school taxes will be increased from 1-6 to ½ of a mill, and didition a surplus tax will be applied to incomes, the schedule being similar to that offered by Senator Severson which raised upwards of a million dollars by the soldiers' educational law.

Hospital Bill Passed. Hospital Bill Passed.

Hospital Bill Passed.

A bill for the establishment of a state hospital for crippled and deformed humanity, to be operated in conjunction with a four year medical course at the university, passed the senate today. The Olsen bill finances the hospital out of the soldiers' cash bonus money and no additional tax is necessary for the establishment of the institution. Three years will be required to construct the hospital, and the medical course will not be made a four year course until the hospital is ready for operation.

To Buy Dynamite.

The senate passed the Wilkinson bill appropriating honey for the purchase of dynamite for clearing land in Wisconsin and concurred in the Kurtenacker bill appropriating \$186,000 for increased salaries for normal school purposses.

Milwankee Teachers Raised.

The assently, without a dissenting vote, passed the Jennings Milwankee mill tax bill which will give the teachers and other employes of public schools in Milwankee approximately \$1,000,000 in increased salaries, raising the minimum salary from \$300 to \$1200 a year for school in \$100.000 in the school in \$10

lic schools in Miwaukee appropriately \$1,000,000 in increased salaries, raising the minimum salary from \$900 to \$1200 a year for school teachers, and fixing a maximum at \$2,500 instead of \$1,600 per year.

Tenancy Bill Up.

Assemblyman Klein withdrew his bill relating to the termination of tenancies, from the judiclary committee and put it on the floor of the house. The bill as introduced provided for three months instead of one month's notice of termination of tenancy. Assemblyman Otto limited the operation of the bill to April 30, 1923. An amendment by Donnelly placed the limit at 2 instead of 3 months. An amendment by Coeprovided that the bill should not affect cases now in court or notices already served. Assemblyman Nolan,

By a vote of 43 to 38 the assembly this afternoon concurred in the Olson bill for the establishment of a state hospital at Madison, to be operated in connection with the medical school. This hospital is for the treatment of orippies and deformed humanity from all sections of the state. The bill now goes to the governor, who, it is said, will approve the measure. ie measure.

#### PUNCTURED TIRES IS SURE CURE FOR SPEEDING AUTOISTS

Athens, May 27.—Policemen of this city have a rather unique method of curbing speeding autoists. Officers carry planks autoists. Officers carry I studded with long sharp studded with long sharp nails and when a car approaches at a rate believed excessive, they drop the plank. If the car is speeding it cannot stop in time and its tires are punctured. The chief of police finds the system is cheaper and more effective than maintaining a motorcycle squad.

Washington.—The senate voted to reduce the number of standing com-mittees from 74 to 42 and to reduce the membership of all other commit-tees, effective in the next congress.

each Saturday in the Gazette. His retreat, his final capture, his imprisonment, and his visit to the Great Father at Washington, the whole story is an inseparable part of the history of Janesville and the county.

When the Gazette was established in 1845 there were 26 brick houses, 8 stone houses, 115 made of frame and boards, and 7 log houses. There was a housing problem for those five years, for the population more than doubled from 1845 to 1856.

For several weeks now the Gazette has been gathering material, stories, reminiscences, includents, old pictures and photographs of the early days and the cidest settlers. All will be published. Those who were here in 1846 and those who were born in the year 1845, are eligible to the Gazette Birthday club. So all those things, the establishment of the Gazette, the story of Black Hawk, the tales of the oldest settlers and the incidents in the early life of the county and city, are more than ever interesting. New York, May 28.—Several indictments charging profiteering insugar were returned in federal court here today. One indictment charged the Economy Wholesale Grocers company and Abraham Gladstone of Chicago with having sold in New York on May 1, 50,600 pounds at 24-cents.

Another indictment charged to have bought the sugar for 15½ cents.

Another indictment charged D. O. Netter of New York Morris Spirit of Waterbury, Conn., with having sold at 26½ a pound 52,000 pounds of sugar which it was alleged cost them less than 19 cents.

Mr. Riley announced that retail grocers had agreed to conform to all price fluctuations of the wholesale market. This, he said, had not been done in the past, retailers charging high prices after the wholesalers had reduced their prices.

Announcement was made here today by a corporation discontinuing its domestic business that a \$5,000,000 stock of shoes would be offered for sale beginning tomorrow at cost with prices ranging from \$1 to \$\$\$ a pair.

The senate passed the objectionable bill on March 3, and on March 20 the second meeting was held at Elpon at which Bovay was again the leading spirit. Resolutions were adopted favoring a new party, the name to be selected later, and a committee appointed to take steps to launch the new organization. Major Bovay, who was an intimate friend of Horace Greeley, suggested the name of Republican to the famous editor, but neither Greeley nor the east were ready for such a radical step. A tray luncheon was served at 1:30 o'clock by a committee consisting of trs. Ella Michaelis, Mrs. B. D. S.

He wrote a few paragraphs of the speech at the outset, but, like the other journalists, he became so absorbed in Lindoin's magnetic oratory that he forgot to take notes. As with the others, he lived only in the inspiration of the hour. All who heard the great oration realized that it had been a purifying fire for the new party, but as to what it contained no one could say. Gradually it became known as Lincoin's "lost speech," and is so designated to this day. It crowned his right to popular, leadership in his own state which thereafter was never disputed.

## MOTHER DISCLAIMS PERMITS ISSUED DEAD BOY AS HER'S

Parent and Sisters Declare Body Shipped From Here Not Real Earl

Is Not Real Earl

Balland.

Mystery bobbed up again today as to whom the young man is who died at Mercy hospital two weeks ago trom a fractured skull received when he fell from the Samson foundry.

Nationwide investigation at the time of his death led to belief that he was Earl Ballard of Longmont. Colo. Army discharge papers likewise identified him as Balland, particularity the descriptive parts. Even Balland's father, of Longmont, came to Janesville, after several days of search by the Janesville police descriptive parts. Even by the Janesville police descriptive parts. The body was sent home for burial. Upon arrival there the body was declared not to be their kin by Earl Balland's mather and his sister.

This information was received this afternoon by Mayor Welsh from the same type, 24x30, one story, four two will be \$3,000 houses, 24x25, with three rooms and bath. The eight will be built on the south side of Blaine avenue.

Wills & Deason plan to build their three houses at from \$5,000 to \$6,000, at 1239-43-47 Racine street, wo of them six rooms and the other seven.

The body was sent home for burial. Upon arrival there the body was declared not to be their kin by Earl Balland's mother and his sister.

Start Now Inquiry.

This information was received this afternoon by Mayor Welsh from the american Legion post at Longmont. Mr. Welsh was requested to start inquiry at once for the real Balland. According to the wire to the mayor Balland's mother had a letter from her son when he was at St. Louis three weeks ago.

In view of the nature in which the course were same type, 24x30, one story, four two will be \$3,000 houses, 24x25, with three rooms and bath. The eight will be built on the south side of Blaine avenue. Wills & Deason plan to build their three houses at from \$5,000 to \$6,000, at 1239-43-47 Racine street, \$7,000, at 1239-43-47 Racine street, \$8,000, at 1239

According to the wire to the myor balland's mother had a letter from her son when he was at St. Louis three weeks ago.

In view of the nature in which Janesville authorities identified the young man as Balland they are perpiexed as to what course to follow now. The army discharge in the possession of the youth carried in detail information of birth and other marks, the same as found on the body of the accident victim.

The Colorado man came here bearing, all the facts concerning his son up to a period three years ago when the youth, at the age of 18. enlisted in the army. Since that time he had not been Rome.

Ryan's Opinion of Case

With a police officer Mr. Balland went to the Ryan morgue and with the aid of his figures as to birth, army enlistment, discharge, place of birth, education, etc., declared that the body was that of his son. I "It must have nine days after he died that Mrs. Balland and her daughters viewed the remains and there is possibility that they would be unable to recognize the boy." said Dan Ryan this afternoon. "He was held in Janesville four to six days before these people were finally located. It then took at least three days for transportation to Longmont. In addition the father said the boy, had not been home for for three years. He suffered much as the result of the accident. It is possible that the condition of the body was such that they would not have been able to identify it.

"From the facts that Mr. Balland presented, which coincided with the army discharge found on the young man, we were sure at the time that it was his son. The focal Red Cross was likewise of the same opinion."

Two years ago today, American troops fought the first real engagement of the war with Germany at Cantigny. The 1st division, Maj. Gen. Robert L. Bullard, with regulars and marines, went over the top on the morning of May 28 and captured the little town of Cantigny on the front lina to which the Americans had been assigned. It was the first of the series of deadly conflicts which culminated a week later at Chateau Thierry and Belleau Woods to the imperishable glory of the marines.

#### NO PEACE FOR THE PRESIDENT.

No surprise will be expressed by the nation at the veto of the Knox resolution declaring the war with Germany over. The president has assumed an attitude of having peace only one way, and that is his way and on terms laid down by him. Each day finds him standing more and more alone. The Knox resolution took into consideration an actually existing fact—that the powers against which war was declared, no longer existed. There is no Austro-Hungary, and the militaristic Germany of 1916 has passed away. The continuance of the legal state of war also continues à score or more of war conditions, orders and statutes in our own country which makes it posslole to perpetuate the burdens which the people gladly accepted in the interest of national victory while the war lasted in actuality.

It is impossible to repeal those laws so long as state of war legally exists, whether peace is or is not an actual fact. It was the purpose of the joint peace resolution to give conditions that actually exist legal recognition. The president does, not deny that the peace resolution is legal. He simply says it does not provide peace the way he wants it provided. Had he signed it we could have automatically stopped many war conditions that have been disturbing our economic situation.

Peace will now be settled by a referendum at the November election. The voters will determine whether we shall accept the Wilson mandate or make an effort to restore the nation to its character as a republic-the kind of a republic contem plated and planned by the fathers.

#### THE VERY APPEARANCE OF EVIL.

How, far did the war-time plan of the government in making contracts on the cost plus system where wages were no consideration and the government paid the price regardless, have to do with present conditions? That much of the unrest over wages came from this source is plain. A factory on this system with a wage scale far above what other manufacturers could pay without war contracts, caused the first wave of distatisfaction and the increased demand for higher wages and the consequent wages and the consequent opportunity for profiteering prices.

Indeed this ist a changing world. The dying Caesar cried to Brutus as his old friend planted a dagger in his imperial ribs. "Et tu Bruto!" As it looks now we will have the new cars on the Janesville lines about the time peace is declared a fact. It is quite fitting that these two long deferred boons come to us hand in hand.

The way these politicians have been taking adantage of the innocent and trusting rich man hould at once start congress on some legislation for the protection of the men with cash.

The Milwaukee Sentinel talks gravely of 'Squalls Ahead'' for the legislators at Madison. Not to be wondered at, considering the number of egislative bables they have adopted.

No matter what happens, Mr. Wilson is going to have the war continue. It took him a long time to get in and he does not propose to get out until he is good and ready.

Our candidate for the democratic nomination for president is the Honorable Joseph Tumulty of New Jersey and for vice president anybody.

political journey to the White House.

Mr. Procter gave \$500,000 in 1910 toward the establishment of a graduate school in Princeton university of which Mr. Wilson was then the presldent, but the latter turned the gift down because the Cincinnati soap manufacturer attached certain conditions to the expenditure of the money which conditions to the expenditure of the money which involved the retention of certain personnel in the college. Mr. Wilson argued that gifts should come without strings attached and the incident prowithout strings attached and the incident provoked such a controversy among Princeton alumni that it led Mr. Wilson reluctantly to resign the ni that it led Mr. Wilson reluctantly to resign the presidency of the college and accept the gubernational nomination which the democratic leaders in New Jersey were easer for him to take. Again and again that half million dollars has been faceticusly referred to among Princeton men as the "first important contribution" toward Mr. Wilson's first campaign for the presidency.

Mr. Procter's testimony in defense of his expenditures for General Wood dld not create the impression that he contributed large sums of money for any selfish purpose. He contributed

His was the guiding hand and his, the mind which settled every doubt.

And those who did his bidding then remembered not or never knew.

That that which he commanded them, time was he also used to do.

I saw him switching railroad cars, the chief I saw him switching railroad cars, the chief in raiment, spick and span.

Here is a lesson then, thought I, that should be good for every man—

When all these differences heal, and each returns unto his place,

Workmen and chief should closer be and meet each other face to face.

This strike shall not have been in vain, if only men shall understand; That he who is the chief can do those things That he who is the chief can do those things which he must now command.

And knowing how to toll and all the cares which those who work must face.

He who is chief must stand at times back in the other fellow's place.

Physic and Appendicitis.

The an attack of acute appendicitis is it advisable or not to give a purgative. If advisable, what purgative is best? I have heard that olive oil is recommended. (Rev. S.)

ANSWISH.—The surgeons advise against all physics in such a disease, for the purgative may spread the inflammation. The physicians are not so positive about that. My personal belief is that an active physic such as a full dose of any kind of salts, may be given, provided operation can be done at any time it may seem necessary. If the patient is beyond the reach of a surgeon, or if for any rearson operation is out of the question it is probably advisable to withhold all physic as well as all food and drink for 48 hours. The quantity of olive oil required to physic is so great that this should not be given.

Should Not Have a Hand In **Arbitrating Wage Question** Says O. R. T. Leader

[BY ASSOCIATED PRESS.]

Chicago. May 28.—Representatives of the public on arbitration beards do not know enough about railroad problems to be fair, according to L. E. Sheppard, president of the Order of Railway Conductors. He asserted that the railroad horherhoods are unatterably opposed to urbitration boards on which the public is represented, in a speech before the City club yesterday.

"The public schould be left out of the issue in dealing with the railroad problems," Mr. Sheppard said. "The layman knows so little about the actual problems of the situation." There will be no general strike so long as conservative labor leaders are in control. Mr. Sheppard asserted, adding that he did not believe there would be a great financial panic "because organized labor is a safety vaive that will not allow the panic to come."

## sive Super-Six Motor, Its Beauty Gives Distinction in Any Field of Fine Cars

Hudson Fineness Equals

Its Matchless Performance

Aside From the Supremacy of the Exclu-

Hudson has unremittingly kept the issue

of performance to the fore. Not simply because its mastery is indisputable. Rather because this question is vital above

all. It must always be so. It must always be

the measure of any car's title to worth. Hence undue emphasis has never been placed on Hudson's four year's leadership in fine car sales. Largest sales are not infallibly proof of greatest merit. Hudson has no need

to offer them as such. Yet their importance cannot be overlooked. Here is the massed opinion of far the greatest number of owners of any fine car in the world. Some are driving the earliest Super-Sixes built-now more than four years old. Some acquired Hudsons but recently. But how, unaminously they hold no car can rival it.

#### What 90,000 Owners Know First Hand

Those who have had their Hudsons longest are perhaps its most emphatic champions. They know it best. They have seen it pitted with triumph against every situation that can confront an automobile. Today their SuperSixes are giving service, such as is literally beyond the performance capacity of many new cars that cost more.

Certainly no fine car is so highly regarded by such a large following.

#### See What It Has Done

Were its position less deserved could Hudson . hold the loyalty of all these? Were its supremacy less decisive, surely five years must have discovered the rightful successor.

But time only brings fresh evidence of Hudson leadership.

In speed in power in acceleration in hill-climbing, have never been matched.

The most abusive tests to which a car was ever subjected have failed to find its endurance limit. Could other types adopt it, they might share Hudson's unmatched ability. But Hudson controls it. By right of invention Hudson alone can use it

It will not be possible to supply all who want Hudsons. So even though you may not want your car for several months, now is not too early to place your order.

Strength All Around.

Thus by the addition of the new material, the Sammies are strengthened not only in the outfield but in pitching stuff as well.

Meantime, the club continues to scout around with the hopes of further increasing its numbers to assure continued good playing.

From this dope, there should be pienty of support given the team by the fans, whose attendance, at the grounds means considerable to boost the club.

\$10,000 Is Voted
The county board of supervisors met on Nov. 15, 1899, and on a resolution read by Supervisor Cettle, Edgerton, from the committee of trustees of the Rock County Soidlers and Sallors' association, decided that the people should vote at the next general election as to whether or not a special tax shouth be levied for \$10,000 for the building of this monument. The people voted favorably.

The contract for building the monument, to commemorate the dead heroes of the Civil war, was given to A. S. Jackson, Beloit. The foundation was laid in the fall of 1901, but work was held up on it until the next spring. The main shaft was put in place, with much difficulty, on March 16, 1902, and four days later the marble figure of the soidler was placed. Again there was a delay, and the dedication, which was to have taken place on Memorial day of that year, did not take place until the following August.

The next day we read:

"With most impressive ceremonies, the monument erected in the court house park by the people of Rock county was dedicated this afternoon. The tall statue, the gift of honor to the dead heroes of the late Civil war by the county, was unveiled and formally dedicated in the presence of the few gray-haired men who in the sixtles marched under the stars and stripes; that our country might be one and inseparable. All day long the veterans marched about the streets, led by the drum corps. They came from all over the county, and the gray-haired men were as happy as boys as they greeted each other.

The Impressive Dedication The Impressive Dedication "A genuine army dinner was served in the court house park at noon by the ladies of the W. H. Sargent Woman's Relief corps. It was a sight to see the old boys eat and enjoy the real. "Led by the William H. Sargent Drum corps, with its stirring music of fife and drum, the line of march was taken up at 2 o'clock. Following this came the G. A. R. posts of the surrounding towns. The march ended at the court house rark. where the unveiling of the mon-ument, and the exercises took place. cutting a canal through the mountains. The work was largely a failure, since it drained only one small lake and an unimportant river, leaving lake Texococo and Chalco still perpetual menaces to the city.

"In 1879 a huge drainage canal 30 miles long was begun, which was completed in 1900, at a cast of about \$8,000,000 American gold. Its completion removed the danger of inundations from Mexico City and solved the problem which occupied the thoughts and engendered the fears of the Aztecs as far back as 1449.

#### Tax on Bachelors and Old Maids Is French Proposal

Int ASSOCIATED PRESS.]

Paris, May 28.—Discussion of the special tax on the bachelors and spinsters of France caused a scene so violent in the French senate that the presiding officer had to suspend the session.

Senator Dulahaye had pro-

posed an amendment asking that priests, sisters, and nuns be excluded from the proposed law and not obliged to pay the tax. The original law calls for a tax of 25 percent on the revenue of all unmarried or divorced citizens more than 30 years of age. Senator Delalaye championed his amendment with great vigor. Senator Hervey commenced refuting the argument of M. Delahaye, while both the latterned his brother, Jules, attempted to prevent Senator Hervey from proceeding.

executive does not know seems certain.

Ballard is Mentioned

Assemblyman C. B. Ballard of Appleton is the latest candidate for the governor's chair. An ardent ruralite held forth on Honorable Ballard's virtues this morning in the lobby winding up with a fervent exclamation "and this old honorable man is Wisconsin's next governor."

Ballard later decried the talk and denied having any gubernatorial ambitions. Madison, May 28.—Nonpartisan league advocates are numerous in lobby. U. S. Senator Robert. M. La Follette is said to have expressed displeasure of the announcement by Lieut. Governor Dithmar that he would run for governor whether "Bob" liked it or not.
